Chairman's statement

The Chairman and Board of Directors of Fox Marble are pleased to present the condensed interim financial statements of Fox Marble Holdings Plc for the period from incorporation to 30 June 2012.

In the period to 30 June 2012, in anticipation of the Company's acquisition of Fox Marble Limited, the Company did not trade, and undertook only a limited number of transactions in connection with the formation of the Company.

I am delighted to report that since the 30 June 2012 the Company completed the acquisition of one hundred per cent of the share capital of Fox Marble Limited on the 3 August 2012 and on the 31 August 2012 the Company was admitted to AIM, following a successful fundraising of £9.65 million.

Fox Marble Limited holds mining licences in respect of five marble quarries, in Kosovo: Peja; Rahovec (comprising three quarries in Antena, Cervenilla and Verezat) and Suhogerll. A maiden JORC resource has indicated over 91 million cubic metres of marble with a further 235 million cubic metres of inferred resource.

It is our intention to commence operations at two of our quarries by the end of the year. Accordingly, following receipt of the proceeds of the fundraising, management has been attending various equipment suppliers in Carrara, Italy, to finalise the ordering of the specialist quarrying equipment. Clearing overburden has started in the Rahovec quarry site under the supervision of our Quarry Strategist Orlando Pandolfi, and quarry development plans are being refined, ahead of arrival of the first machinery.

In parallel with this, we are progressing our planning for the construction of the processing plant and the related permitting, including commissioning of technical specifications for housing the machinery.

Outlook

Fox Marble now has the funding in place to progress the Group's business plan as set out in its admission document and your Board continues to be positive about the prospects for the Group in Kosovo. I look forward to reporting on our progress in the coming months.

Basis of accounting

These financial statements have been prepared and approved by the directors in accordance with International Financial Reporting Standards (IFRS) and IFRS Interpretations Committee (IFRIC) Interpretations as adopted by the EU (together referred to as adopted IFRS).
